INTRODUCING

The new ProSource online store

Built for the trade: your prices, live stock at every branch, and a store that is far easier to find your way around. Order, quote and check your account any time.

Easier to find, faster to order

We rebuilt the store from the ground up. Products are grouped the way you work, every page shows what you need first, and the filters narrow hundreds of fittings to the one you want in a couple of clicks.

What's new

Your prices and live stock

Your account pricing on every product, and stock at all six branches before you drive over.

Everything about the product

Specifications, manuals and spec sheets to download, and the parts that go with it.

Quotes for every job

Save named quotes, send them to your branch, and print with or without your prices.

Your account in one place

Orders, invoices, statements and returns, and pay your invoices by card online.

Find it fast

A clear menu by trade, filters for size, type and brand, and search by SKU or name.

Order your way

Quick Order by SKU or upload a list, the order grid for many items, and your favourites.

Pick up or ship

Choose your branch, our own truck, or courier and pallet freight with live rates.

Your whole team

Logins for your staff, with roles and order approvals you control.

Also new: send us your yard layout for an irrigation design, right from the Design Services page.

How to sign in

1. Go to **prosourcesupply.ca** and click **Sign in**.
2. Click **Email me a sign-in link** and enter the email address we have on your account.
3. Open the email and click the link. You're in, no password needed. You can set a password later if you like.

No account yet, or not sure which email we have? Request one at **prosourcesupply.ca/request-account**, or call your branch and we'll set you up.
